

Kitasoo/Xai'xais Filming Proposal

Please Note: We receive many more applications for filming in Kitasoo/Xai'xais territory than we can entertain each year. Proposals are more likely to be approved by the Nation if they are: invited by the Kitasoo/Xai'xais Nation or members, centre Kitasoo/Xai'xais voices and perspectives, directly contribute to Kitasoo/Xai'xais goals and objectives (beyond raising awareness), are proposed far ahead of anticipated film dates, and/or demonstrate clear benefits to the Nation.

Though we acknowledge the potential benefits of film projects, we have also experienced first-hand negative impacts they can present. As such, prior to completing your proposal we suggest you read the following article written by a colleague from a neighbouring Nation, which highlights common misconceptions about filming in First Nations' communities and our expectations of conduct.
